Hendrick Foresees G. W. U. Advancing

District Commissioner, Class of 1897, at Opening New Law School, Says Alumni Are Watching Advancement of All Interests of the University This Year in New Lease of Life

"As one of the large number of alumni of the University in Washington city who are interested in the advancement of the interests of the institution, I am very much encouraged by the new lease on life it is enjoying," said J. Thilman Hendrick, newly appointed District Commissioner, who was a guest of honor at the formal exercises marking the opening of the new Law School.

"As former business manager of the Columbian Call, I wish to express my congratulations to The University Hatchet and wish it every success," Mr. Hendrick said when interviewed last week by a Hatchet reporter. Mr. Hendrick is a graduate of the Law School of the class of 1897.

Commissioner Hendrick, together with Miss Mabel Boardman, a member of the President's Council, also recently appointed Commissioner, were the guests of honor at the "housewarming" exercises held at the new Law Building Wednesday night, September 28, when hundreds of students, alumni, faculty, and friends of the University gathered to celebrate the addition to the school of its most recently acquired property.

A formal program, which included addresses by three trustees of the University—John B. Lerner, William B. King and Dr. William S. Washburn—was followed by dancing and refreshments.

Refreshment tables were presided over by Mrs. Annette Abbott Adams, Assistant United States Attorney General, Mrs. Merton L. Ferson, Mrs. J. W. Latimer, Mrs. Gilbert L. Hall, and Miss Jeannette Jewell.

Guests were welcomed by a receiving line, headed by Dean Merton L. Ferson, and including members of the faculty and Board of Trustees. Miss Etta Louise Taggart was chairman of the entertainment committee and Miss Harriet M. Barbour was in charge of refreshments.

PYRAMID HONOR MAN NOW SECRETARY OF LAW SCHOOL

John W. Townsend Succeeds Prof. Van Vleck, Who Goes to Harvard for Study.

John W. Townsend, Law 1920, has been appointed as Secretary of the Law School to succeed William Cabell Van Vleck, former Secretary, who is taking a post graduate course at Harvard University.

Mr. Townsend during his three years at the University has always been active in student activities. He is president this year of the Pyramid Honor Society, secretary of the School Association, was a senior marshal, secretary of the Inter-Fraternity Association, and on the staff of The University Hatchet. He is a member of Sigma Phi Epsilon Fraternity and Phi Delta Phi Legal Fraternity.

Mr. Van Vleck is a graduate of George Washington, holding the degrees of A. B. and LL. B. He has been secretary of the Law School for the past eight years, serving as part-time professor. After completing his post-graduate work at Harvard, Mr. Van Vleck will return to George Washington to act as full-time professor. He is an honorary member of Pyramid Honor Society and Phi Delta Phi Legal Fraternity and was a charter member of the local chapter of Sigma Phi Epsilon.

ENGINEERS HOLD SMOKER.
The Engineering Society will hold its annual smoker on Monday evening, October 11, at 8 o'clock at Sigma Phi Epsilon Fraternity House, 1829 Nineteenth Street Northwest. All Engineering students are invited to attend.

The executive committee of the Engineering Society met last Thursday and made plans for the coming year. Announcements will be made later concerning future meetings and trips.

LAW MAN MAKES RECORD.
Lieut. James M. Guiler, of the 1919-20 first year law class at George Washington University was the only man who successfully passed the Harvard advanced standing exams.

LAW SCHOOL NOW LOCATED IN QUARTERS IN K STREET

Former Home of Dept. of Justice Is Renovated and Remodeled for Opening This Fall.

After having undergone complete renovation and extensive remodeling, the property at 1435 K Street Northwest, formerly the home of the Department of Justice, has been occupied by the George Washington University Law School.

The building is an imposing four-story and basement structure, built of brown stone and brick, fronting on McPherson Square and is thus one block from the University Club and the Department of Justice; two blocks from the Cosmos Club, Shoreham Hotel and the Arlington Building, now occupied by the War Risk Insurance; and four blocks from the White House. It is within one block of the Fourteenth Street car line and two blocks of the Connecticut Avenue line.

The interior of the building has been entirely remodeled. Four large classrooms have been supplied on the third and fourth floors. Two of these rooms are each arranged to seat 250 students, and the other two to seat 125 each. The second floor is fitted up for the Law Library, six professors' offices, and a women's rest room. The first floor will be used for the administration offices and moot court rooms, of which there are four, with a total seating capacity of over 200. The basement will be devoted to a men's lounge room, one large classroom, locker space and storage purposes.

It is estimated that the building will easily accommodate 1,000 students, so that it will be sufficiently large to house the entire Law School enrollment, which last year was so large that overflow classes had to be held in the Medical School building.

The history of the new site is quite interesting. The larger portion of the present building, which originally consisted of two separate houses, was erected as a home by Senator Palmer, of Michigan. It was contracted in 1884 and completed in 1886 at a cost of \$90,000, exclusive of the ground. The cost was so large because of the character of the material and workmanship, which were the finest that could be secured. The inside woodwork is solid mahogany. The architect was John R. Thomas, and the builder, Robert I. Fleming, probably the best builder in city at that time.

For some time after 1896 the premises were owned by T. S. Schneider, who constructed the west addition, remodeled the building as an apartment house, and named it the "Baltic." From 1899 to 1918 the Department of Justice occupied the premises, and for a time during 1918 the War Risk Insurance Bureau's executive offices were located there.

GLEE CLUB TO START.
Prospects for a glee and mandolin club this year are bright. The efforts of those musically inclined last year were confined to vocal music. Those who can sing or can play stringed instruments are urged to come out at the first call for candidates.

CLARK APPOINTED.
Waldo Clark, a junior in Columbian College, has been appointed assistant football manager. Since grid practice started Clark has acted in the capacity as assistant to manager Russell I. Whyte.

RULES COME UP LATER.
Eligibility rules for athletes in all branches of sport will be taken up at the next meeting of the Student Council.

HATCHET RUNS G. W. YELL CONTEST

Football has brought to the attention of the entire student body, the urgent need of at least one college yell worthy of George Washington University.

The University Hatchet has undertaken to remedy this deficiency by running a contest, open to every student in the University, and offering a prize for the best G. W. yell submitted.

Every student who has any ideas on the subject is urged to participate in the contest. The prizes will be ten dollars for the first choice and five dollars for the second. The University Hatchet reserves the right, however, to use any of the yells submitted, even though they fall below first or second choices. The University Hatchet will request the Student Council to appoint a committee to act as judges. All yells are to be submitted to the Editor of The Hatchet before Oct. 25. The names of the winners, together with their yells, will be published in The University Hatchet.

DELAWARE WILL PLAY HERE AGAINST G. W.

Visiting Team That Defeated Ursinus Has Fine Reputation for Early Season Gridiron Performances Thus Far.

PRACTICE HOURS ARE CHANGED

Delaware College, of Newark, Del., coached by Burton Shipley, former Maryland University star, plays George Washington Saturday afternoon at 3 o'clock, at Kendall Green, the home of Gallaudet College.

The visiting eleven is a worthy foe. Two weeks ago, against the University of Pennsylvania, the Delaware team held the Red and Blue to forty points. Last week the Delaware team defeated Ursinus College, the team that defeated Rutgers College. As an instance of the strength of the visitors, it might be mentioned that Rutgers defeated Maryland University Saturday.

Delaware has a number of tricky forward passes. The team is heavy, fast and unusually aggressive. George Washington will have its hands full coping with the Delaware team, which has many veteran players.

It is expected that Coach Morse will start practically the same team that faced Western Maryland in last Saturday's game. While both John and Paul Loehler have been on the ailing list along with Mount, Skinner and McCallister, it is thought they will be ready by Saturday.

The game will be played at 3 o'clock and Gallaudet can be reached from downtown by the New York Avenue cars. Kendall Green is at Seventh Street and Florida Avenue Northeast.

A change in the hours of practice for next week has been ordered. Football candidates have been notified to report at 4:30 daily for the freshman eleven. On Tuesday and Wednesday nights at 7 o'clock varsity practice has been ordered, in addition to the regular afternoon sessions.

It is now possible to practice with the team at least two nights a week, and all candidates who have been holding off on account of a lack of time are urged to report as soon as possible.

G. W. PARKER APPOINTED TO STUDENT COUNCIL

Board of Managers Appoint Former Representative of Pharmacy College from University at Large.

Mr. C. Walter Parker, Columbian College, '22, was appointed to the Student Council from the University at Large at the last meeting of the Board of Managers, held October 2. As a representative of the College of Pharmacy, Mr. Parker served on the Student Council during the last College year. He was re-elected from the College of Pharmacy for the present year, but due to the fact that he registered in the Columbian College this year he was unable to represent the College of Pharmacy. Mr. Parker is also business manager of the Cherry Tree.

New Drive Begins On Activity Tax

Campaign to Be Started With Renewed Vigor As Department of Arts and Sciences Falls Below Expected Quota—Law School Leads With 75 Per Cent Signers of Tax

Harry Newman, chairman of the Student Council committee for the propagation of the Activity Tax, announces that up to the present date the total number of signers from all departments is 883. The Department of Arts and Sciences has contributed to the total number a little over 300 subscribers. Statistics show that the Law School has far surpassed all the other departments in the support of the Activities Tax. More than 75 per cent of the enrollment of the Law School has signed.

DEAN HODGKINS PLEDGES SUPPORT OF ACTIVITIES

Inter-Fraternity Association Welcomes "Frosh" at Smoker in Medical School Building.

"The University is heartily encouraging the new plan for student activities and will support clean athletics," said Dean Howard L. Hodgkins, of the College of Engineering, acting President, at the Inter-Fraternity smoker given for the benefit of the freshmen in the Medical School assembly hall, Friday night.

Leslie B. Young, president of the Inter-Fraternity Association which arranged the welcoming smoker to the "Frosh," acted as chairman.

Mr. Gilbert L. Hall, who is coaching the debating team, gave some interesting statements about debate.

Bryan Morse, Director of Student Activities, spoke on our prospects this year, which seem very bright.

John Townsend, of the Law School, spoke on the honorary societies and their benefits.

The party was brought to a whirlwind finish by some practice in cheering and some fancy dancing by our artists "Tex" Nall and "Cam" Burton.

The Inter-Fraternity Association will give a cup this year to the Fraternity making the highest scholastic average.

COLLEGE OF ENGINEERING HAS NEW TECHNICAL MEN

Professional Courses Are Readjusted in Order to Allow Classes to Complete Day Work by 5 o'clock.

There have been several changes and appointments in the College of Engineering, which is giving professional courses in Civil, Electrical, Mechanical and Chemical Engineering, and also courses in Architecture and General Chemistry.

Readjustments of class hours allow students in the freshman and sophomore classes to complete all courses before 5 o'clock, while juniors need not attend any classes after the 5 o'clock period.

The new men in the technical subjects are James H. Platt, recently assistant professor at the University of Wisconsin; R. W. Siler, recently instructor at the University of Minnesota; Norman B. Ames, a graduate of George Washington University and of Massachusetts Institute of Technology; and Benjamin C. Cruickshanks and William L. Cheney, recently of the Bureau of Standards.

LETTER MEN TO MEET.
There will be a meeting of all letter men at Lisner Hall, 2023 G Street Northwest, October 12, at 8 p. m. The formation of a G. W. club will be discussed.

Certificates are to be presented at an early date to all those who have earned letters on a varsity team.

NOTICE TO FRESHMEN GIRLS

The four National Fraternities, Pi Beta Phi, Chi Omega, Sigma Kappa and Phi Mu, announce that contrary to the usual custom there will not be a universal bid day. Chi Omega and Sigma Kappa will begin to bid on the 29th of September. Pi Beta Phi and Phi Mu will send out no bids before November 1st.

No definite information regarding the number of signers in the Medical School is available at the present time, but it is positively known that the percentage of signers is higher than in the Columbian College.

The Department of Arts and Science is far below its expected quota of tax subscribers. Although no definite statistics as to the enrollment are available at the present time, it is believed that no less than 3,000 students have registered in the Department of Arts and Science. Of these, 2,000 at least should already be subscribers to the tax. It is believed by those conducting the campaign that the lack of cooperation is largely responsible for the extremely low quota of tax signers in the Department of Arts and Science. Harry Newman states that one of the contributory causes to the reverses in the tax campaign can be found in the difficulty with which students are reached individually.

The campaign is to be carried on with increased vigor. Many students have volunteered to assist in the campaign by devoting some of their spare time in going after the students individually. Every student whose classes permit is urged to assist in the tax drive.

It is believed that within the next two weeks the total number of signers can be brought up to 3,000.

Those conducting the tax state that the drive will not be relinquished until the full quota is obtained.

FACULTY INCREASED IN G. W. DEPARTMENTS

Seventeen New Men Added This Year to Teach Larger Enrollment, With More Appointments Expected.

The greatly increased enrollment of the University this year has necessitated the appointment of seventeen new professors and instructors, eight being appointed to the Law School, six to the Arts and Sciences and three to the Medical School. Other appointments are expected in the near future.

The four assistant professors appointed to the faculty at the Law School are Thomas C. Lavery, Hector Spaulding, Lyman P. Wilson and Albert Levitt. In addition, four lecturers have been appointed—Wilbur Laroe, Jr., Frank S. Smith, Spencer Gordon and Gilbert L. Hall.

The new members of the faculty of the Arts and Sciences are Dr. John Metcalf, assistant professor of psychology; Gus K. Patterson and Merle I. Protzman, instructors in romance languages; Benjamin Cruickshanks, instructor in mechanical engineering; Dr. George Churchill, formerly of the staff of the Library of Congress and a graduate of George Washington and Boston Universities, assistant professor of history; and Robert Bolwell, graduate of Columbia and Western Reserve Universities, assistant professor of English.

Eugene R. Whitmore and Reginald A. Cutting have been added to the faculty of the Medical School as associate professors of physiology and John H. Defandorf appointed as associate professor of pharmacology.

Elmer Louis Kayser, secretary of the University, said last week that the board of trustees would, in all probability, approve additional appointments at its next meeting, October 30th.

SPHINX ENTERTAINS.
The Sphinx Society, assisted by the Women's University Club and the Legal Club, will entertain all G. W. freshmen girls at a luncheon on Saturday, October 9. They will attend the game in a body afterward.

WASHINGTON, D. C.,

OCTOBER 7, 1920

Pay, Peddle, or Pike

In George Washington University, with an enrollment of more than four thousand students, there should be more than three thousand voluntary signers of the student activities tax. Unless the students back up the activities with dollars, little or nothing can be accomplished in the way of extending athletics and other activities on a broad scale at the University. If those in charge of the campaign were begging or peddling it would be a different matter. In return for your TEN DOLLARS you can receive ten or twelve times that amount in actual value. It is a business proposition which will not only provide many things that go to make the University attractive but will actually safeguard the signer in case of illness or injury. There is no accident policy one-tenth as cheap as the Activity Tax Blank.

It will require more than three thousand signers to put through what has been proposed for this University by the President, Board of Managers, and Student Council. For George Washington University there can be no cheaper or better advertisement than a football team. If you do not pay, you peddle. If you do not peddle, you pike. Pay, peddle, or pike seems to hit the nail on the head.

Square Deal Exemplified

The recent baseball scandal has developed a significant feature in that it has proved the honesty and integrity of the college athlete. The horde of gamblers who approached the members of the Chicago team with the proposition to "fix" the world's series, were careful to avoid contact with "Eddie" Collins, a graduate of Columbia University and a star athlete in his college days. The gamblers were keen enough to realize that this particular man was above any such underhanded dealings.

This is merely an example of the doctrine of the "square deal" that is instilled into every college athlete, playing fair with himself and his opponent. So long as college athletes remain on their present high standard and so long as the players are instructed in the ways of clean sport, just so long will the doctrines of Americanism be kept alive.

Fitting on Shoes

Cornell University exposes more than one hundred students for cheating in June examinations. The Ithacans have the courage of their convictions. They do a fine thing, too, when they admit those students this fall upon probation. All men are not honest. Many men cheat themselves by cheating others. We do not preach, but the lesson to be learned at Cornell is all too obvious for every college and university in the country. The cost of shoes is high. Cornell is buying shoes for the country. If they fit, put them on.

What the Deans Have to Say

I look with interest and sympathy upon the experiment of George Washington University maintaining a football team. While most of our students will be unable to take an active part on the squad, there is an increasing number of students having no employment other than their school work, and from these a creditable team should be developed. This movement provides an opportunity for the full-time student to participate in athletics and should tend to increase our forenoon sections.

All our students will, of course, rejoice to see a strong, creditable team representing George Washington University. The Board of Managers is to be commended for adopting the policy of insisting on a clean team of bona fide students who will play the game as a pure collegiate sport. To such a team we owe all the support we can give consistently with our professional work.

MERTON L. FERSON,
Dean.

While the question of athletics interests primarily the undergraduate body, it should also concern members of the School of Gradu-

ate Studies and graduates of the University. Systematic exercise in itself is of great value and may be kept up long after college days. I am still rowing my shell every summer on the Charles, thirty years after I began rowing, and I frequently meet on the river a Harvard professor who has turned seventy and is still an expert oarsman. Athletics lends the stimulus of competition to exercise. Properly conducted, it is a valuable element of college life, and I wish the present movement at George Washington all success.

GEO. N. HENNING,
Dean, School of Graduate Studies.

It seems to me that every candidate for a degree, and nearly every special student as well, ought to be a participant in at least one student activity and a supporter of all. An esprit de corps, a significant aspect of educational development, and a wholesome enjoyment of University life, all imply student activities generously supported and vigorously pursued.

W. C. RUDIGER,
Dean, Teachers College.

Stupid Steve Says:-

Heard one of the fellows wouldn't go out for football because they would not give him bell-bottomed pants and a pinch-back jersey.

Have you heard the song, "You May Be the World to Your Mother (But You're Not Worth a D— to Me)"?

Dear Mr. Stephan:

I am in quite a quandary. I have been asked to several of these fraternity smokers, and I do so want to meet the boys, but I don't smoke anything. Oh! tell me what to do.

Answer: Don't cry, Dearie, some of the fraternities have Easter teas.

Dear Stupe:

Speaking of football, was the Western Maryland game played on railroad time?

Answer: Sure; it had to be, to include stops and delays.

Dear Steve:

About how many night students work for a living?

Answer: Very few. Most of us work for an existence.

Dear Mr. Stephen:

Have you heard the latest song?

Answer: No; it isn't out yet.

CAMPUS COMMENTS.

Just after the football game Saturday the football manager was standing over in front of the Arts and Science Buildings smoking a cigar, and as one of the fair "co-eds" went by I

heard her remark to a friend: "Isn't it wonderful what they can make out of cotton?"

It is rumored that "Bee" Tait is looking for some one by the name of HARE to help her run the RABBIT HOLE. You know Bee has such an artistic temperament.

Jonnie Townsend says he wishes the Law School would pay their rent and quit moving all around town.

Dean Hodgkins, while addressing the freshmen at the Inter-Fraternity smoker in the amphitheater, lecture room, in the Medical Building, said that this was one time the students could "look down" on the faculty.

Harry Newman was in the A. & S. Building getting tax stubbs signed. Harry was explaining to a sweet young thing why she should sign. In checking off the student activities in which she was interested, she came upon "Canoeing." Then she asked Harry if the University furnished partners for the occasion. When any of you see Harry, ask him where he went—he hasn't been seen since.

Throat is dry,
Tongue is rough
Wink your eye
Bootleg stuff
Doctors try
Your pain to cease
Nothing doing
"Rest in Peace."

UP HERE ON OCTOBER 12**Events for Men and Women to Be
Run Off on Potomac Park
Courts.George Washington's first annual fall
tennis tournament is scheduled to be
played off within the next few weeks.
Notices are up on the bulletin boards,
and all tennis enthusiasts should sign
up immediately. Entries close Satur-
day, October 9 at 12:00 noon.Drawings will be posted and play
will start the following Monday.The tournament will include both
men's singles and doubles. Suitable
awards will be presented the winners,
and from the showing made by the
players a team will be picked by Bryan
Morse, Director of Student Activities,
to represent the University next spring
and summer in intercollegiate meets.Last year's tennis season was most
successful in all respects, including
four out-of-town trips. The team was
defeated but once in the course of the
whole season. More extensive trips
are planned for this year, and every-
one looks forward to a 1921 tennis sea-
son that in all respects will keep well
apace with the widening athletic en-
deavors of the University.**HIGH SCHOOL ATHLETES IN
LINE FOR G. W. U. THIS YEAR**The cream of the Washington high
school athletic talent has been attract-
ed to George Washington this fall fol-
lowing the announcement that ath-
letics would be resumed on a broad
scale. Not in the past twenty years
has George Washington or any other
local institution been able to boast
such an influx of first-class material.John Loehler, John Gross, William
Burgess, of Tech High; Earl Manson,
Bernhard Sipple, Walter Nordlinger,
James Powell and Reginald Conard, of
Western High; Pat O'Connor and
"Gabby" Newman, of Eastern High;
Joe Colburn and "Dutch" Held, of
Business; and Parrish Wood and Bob
Newby, of Central, are headed this
way.All of these athletes, who are good
students as well as first-class perform-
ers in field and track, basketball, base-
ball and football, are expecting to
enter G. W. U. this fall. Tommy Pres-
cott, of St. Albans; Harry Contee, of
Briarley Hall; Gilbert Walters, of Had-
donfield, N. J.; Gordon Bell, Mont-
gomery High, and one or two other
local high school stars are expected to
matriculate.**HAWLEY'S QUICK WORK AIDS
PAUL LOEHLER IN SCORING**The quick work of Hawley in block-
ing a punt from behind the visitors'
goal line and P. Loehler in recovering
the ball, brought George Washington
to a tie score with Western Maryland
in the first scheduled game of the
season played at Potomac Park, October
2. Both teams scored during the first
half, making a tie score of 7 all. Both
teams tightened up as the game pro-
gressed, and although the Buff and
Blue eleven came very near the Mary-
landers' goal, they were unable to
break through to make the winning
touchdown.Western Maryland made the first
touchdown in the first few minutes of
play as the result of a cleverly worked
forward pass to Langrall, who carried
the ball fifty-five yards to the goal.George Washington's eleven played
a closer game after the first quarter,
and the visiting team made very little
gains through the line, although
weight was in their favor.George Washington's eleven man-
aged to keep the ball well into their
opponents' territory during the greater
part of the game.**DO YOU DANCE?**Lovers of the terpsichorean art at
George Washington are cordially in-
vited to attend midweek and Saturday
night subscription dances at the Cairo,
1615 Q Street Northwest. Every Wed-
nesday evening, starting October 20,
"Dutch" Walen will hold forth with his
quintet of Jazzland favorites.**FRESHMAN GRID ELEVEN
PLAY FIRST GAME OCT. 12**Gallaudet Reserves to Be Encountered
With Other Strong Opponents
Later on in Season.On October 12 George Washington
University freshmen begin their foot-
ball schedule playing the Gallaudet
Reserves at Kendall Green.The Freshmen will be called out just
as soon as possible and given every
help and encouragement within the
power of those in charge of athletics
and activities at G. W. U.The Freshmen will practice daily in
Potomac Park with the varsity. They
will have their own equipment, coach
and managers. Every possible chance
will be given G. W. U. freshmen in
every sport.It is the aim of the University to de-
velop its athletics from the ground up.
Freshmen football will have a big
place in the sport this fall. Games
have been arranged with the high
schools, Maryland State College fresh-
men, Navy Plebes, C. U. and George-
town University Freshmen and other
schools in this vicinity.**IT'S IN THE BONES.**When the winds whistle through the
trees,
And in the air I feel a tinge of Fall,
I try so hard to make my thoughts be-
have—
But all the time I'm thinking of Foot-
ball.I go out on the gridiron every night,
I'm mauled and mucked around until I
ache;
In every bone I feel a bursting pain
As if my very spinal cord would break.
break.My head is battered and my neck is
wrenched,
My legs are twisted—some one kicks
my side—
And that's the way it goes day after
day—
And yet I couldn't stop it if I tried.**Sidney West**

**Modern Motive Might****M**OUNTAINS, miles and minutes give
way before electricity, the magic mo-
tive power. Properly applied, it drives giant
locomotives across the continental divide,
tows ocean liners through the Panama Canal,
or propels huge ships.Through good light, safe signals, and illumin-
ated highways, it is making travel better and
safer and also is increasing the usefulness of
transportation methods on land, sea or in
the air.In short, electricity is revolutionizing trans-
portation, making it quicker, safer, more eco-
nomical and reliable in all sorts of weather.And back of this development in electric
transportation, in generating and transmit-
ting apparatus as well as motive mechan-
isms, are the co-ordinated scientific, engi-
neering and manufacturing resources of the
General Electric Company, working to the
end that electricity may better
serve mankind.

SIGMA CHI NOTES.

Epsilon starts this year with five of the members of last year's chapter missing: C. C. Scott is trying for an appointment in the Consular Service; Doug Love has matrimonial intentions

in Salt Lake City; Mark Hanna, who is "back home in Indiana;" Pat Doherty, who is going to the University of Montana; and Larry Myers, who will be missed on the basketball team, will not return.

Charlie Boetsler, captain of the basketball team, sees bright prospects of a successful season this year.

Dave Parsons, manager of tennis, is working on plans for a fall tennis tournament, including men's and girl's single and doubles, and mixed doubles if there are entries enough.

DELTA TAU DELTA.

Gamma Eta Chapter opened its social season August 27 with an informal dance at the House.

R. Brewster Marean, Dartmouth, '22, and member of the Gamma Gamma Chapter of Delta Tau Delta, spent a week visiting the local chapter in the early part of September.

Ross A. White, president of the Gamma Eta Chapter, was a delegate to the Conference of the Chapters of the Southern Division of the fraternity, recently held in Nashville, Tenn.

Brantly C. Harris sojourned for the summer in the State of Texas.

Radford Brown spent two weeks this summer at the White Sulphur Springs, West Virginia.

PI BETA PHI.

A house party was held at Virginia Beach during the summer by the Columbia Alpha Chapter.

Marjorie Gerry and her mother spent the summer in England.

Robin Breuninger expects to complete her college course at Swarthmore.

Florence Berryman expects to travel until March and then return to George Washington to continue her studies.

SIGMA ALPHA EPSILON.

Dean Hodgkins and Dean Rudiger gave short talks on the value of fraternities to schools at a housewarming at the new Sigma Alpha Epsilon House, 1426 Columbia Road Northwest, September 25. Refreshments were served.

KAPPA ALPHA.

The first regular meeting of Alpha Nu Chapter was held on Sunday, Sept. 12. A great many men have returned to the chapter.

The first dance of the season was held at the Chapter House Friday, Sept. 24.

PHI ALPHA.

Phi Alpha announces a series of open house nights at the chapter house, 1872 California Street Northwest, to begin Sunday, October 10, and to continue for an indefinite period.

SIGMA NU.

Sigma Nu will soon occupy the former residence of Admiral Cole, at 1733 N Street Northwest. The new home has many advantages over the old house at 1739 P Street Northwest. The building is five stories high and has twenty-eight rooms, affording excellent facilities for entertainment.

CHI OMEGA NOTES.

Lella Warren '21 has spent most of the summer in Clayton, Ala., but will return for the opening of school.

Gertrude Walter '20 will probably teach in the Washington schools this winter.

Theodosia Seibold has just returned after a long motor trip in Canada with Mary and Helen Hotchkiss, visiting later in Boston.

Mary Box will return for the opening of school from her former home in Texas, where she went with her family at the close of Congress.

Dorothy Mondell has been at home with her family in Wyoming, and will return for the opening of school.

Agnes Messer gave a tea in honor of Chi Omega.

Florine Walter gave a picnic at her summer home in Washington Grove.

THETA LAMBDA SIGMA.

The sorority's membership includes: Marion Drown, president; Linn Newman, vice president; Eleanor Judd, secretary; Alice Ashford, treasurer; and Helena Schoenfelder, Dorothea Storck, Lillian Swecker, Katherine McCauley, Cathryn Hays, Frances Shea, and Doris Mackensie.

PHI MU.

Polly Voorhees, who has been attending the University of Wisconsin for the last two years, will continue her studies at George Washington this year.

WOMAN'S LEGAL FRATERNITY GRANTS CHAPTER AT G. W. U.

Fifteenth Kappa Beta Pi Charter is Awarded Here With Miss Etta Louise Taggart As Dean.

Kappa Beta Pi, one of the largest and best known women's legal sororities, has granted The George Washington University Law School a charter. This makes the fifteenth chapter of Kappa Beta Pi.

The charter members of the local chapter, led by Miss Etta Louise Taggart as dean, are Miss Marion Holliday, Miss Olive Draeger, Miss Tilghman, Miss Woodson, Miss Callahan and Miss Bell. The first and present Assistant to the Attorney General, Miss Adams, is a sorority sister.

A reception to the other fraternities in the University is one of the many events planned for the coming year.

TRACK MEN MEET.

Eighteen former track men showed up at the first track meeting of the year held Tuesday, October 5, at 5 p. m., in Lisher Hall, 2023 G Street Northwest. Coach Bryan Morse presided over the meeting and spoke to the men about plans for the season. Arrangements were made for men to start training immediately.

Another meeting was called for Monday, October 11, at 8 p. m. in Lisher Hall. Men interested in track are urged to be present.

CHERRY TREE NOTICE.

Thomas Lodge, last year's business manager of the Cherry Tree, announces that he has on hand a number of copies of the 1920 Cherry Tree. Any student who has not received a copy, please report the fact to Mr. Lodge, who can be found at the Law School during the morning or at the Y. M. C. A. in the evening.

PHI SIGMA KAPPA.

During the summer vacation Lambda Chapter held a series of informal dances at the House every Wednesday evening.

Peterson and Curry are now in California endeavoring to insure the election of Harding.

Wheeler summered at Newport, R. I. Latest reports state that he expects to run for the State legislature this fall.

SIGMA KAPPA.

Lella Hardell and Alma Barker are teaching at the Lihue Plantation, Kauai Island, Hawaii.

Gladys Phoebus, Harriet Burgess and Katherine Brazzer attended the Sigma Kappa convention at Lawrence, Kansas.

Vivian Wooster spent the summer at her home in Missouri.

A fact:

At nearly every hotel on the famous boardwalk at Atlantic City, Fatima is the largest-selling cigarette. And the same holds true for hundreds of other leading hotels throughout the country where, day-in and day-out, the demand is for "just enough Turkish."

Honest, now — have you found the *right* cigarette?

If you are the least bit doubtful, it is probably for one of two reasons:

Either your cigarette contains *too much* Turkish tobacco and is over-rich and heavy, or it contains *too little* Turkish and lacks taste.

The "right" cigarette should have *less* Turkish than those of the straight Turkish variety, but *more* Turkish than ordinary part-Turkish or Turkish Blend cigarettes. In other words, it should contain "*just enough Turkish*."

Judging from scores of sales-records such as the one above, most smokers find "just enough Turkish" in Fatima.

For while Fatimas *do* avoid the over-richness of straight Turkish cigarettes, yet they contain *more* Turkish than any other Turkish Blend. Rich, but not over-rich; that explains why Fatimas please the taste without tiring it.

You can prove this.
